

What you need to bring
Felling Small Trees up to 380mm CPD Refresher

Personnel Protective Equipment:

- Safety helmet (**complying with EN397**) incorporating ear defenders and eye protection.
- Chainsaw gloves (With chainsaw protective material on back of left hand).
- Chainsaw protective trousers (**in good condition with no damage to the protective material**). **Type C all round leg protection** for occasional users. **Type A front protection** for experienced users.
- Chainsaw protective boots.
- A hi-vis jacket or vest.
- Personal First Aid Kit (incorporating a large wound dressing, barrier gloves and a whistle).

Chainsaw:

- Chainsaw with maximum guide bar length 380mm / 15" (16" is acceptable). The chainsaw may be a petrol or battery machine.
- Fuel / spare batteries and chain oil.
- Maintenance tools.

Please note that the chainsaw and chain must be in good condition. The training / assessment will not specifically include chainsaw maintenance. It is the responsibility of the operator to ensure that all tools are available to carry out relevant maintenance, should it be required during the training / assessment.

Felling Equipment:

- Felling lever complete with turning hook.
- Timber tongs complete with belt and holster.
- Loggers tape
- Sledgehammer and 2 high-lift wedges (recommended).

Please Note: Instructors will not undertake training where trainees do not have the appropriate personnel protective equipment or appropriate chainsaw. All chainsaws must be in good condition with all safety features in place and functioning and be a model and size suited to the task.

If you have any queries regarding your own equipment or equipment required, please contact Land Skills.
