What you need to bring

Felling & Processing Medium Trees over 380mm

Safety Equipment (PPE)

Safety helmet (**complying with EN397**) incorporating ear defenders and eye protection.

Chainsaw gloves (With chainsaw protective material on back of left hand)

Chainsaw protective trousers (**in good condition with no damage to the protective material**)

Chainsaw protective boots

Personal First Aid Kit

Chainsaw

Petrol Chainsaw with Maximum guide bar length 380mm / 15", ideally Stihl MS261 or

Husqvarna 550XP or a chainsaw with equivalent power

Fuel and Oil

Maintenance Tools

Please note that the saw and chain must be in good condition. While the training/assessment will not specifically include saw maintenance, it is the responsibility of the operator to ensure that all tools are available, in order to carry out relevant maintenance should it be required during the training/assessment.

Felling Equipment

Long Handled Felling Lever complete with turning hook.

Large Timber Tongs complete with belt and holster - optional.

Loggers Tape

A minimum of 2 hi-lift wedges

Sledgehammer

Hand Winch (with a minimum pulling capacity 1600kg safe working load (SWL))

Replacement sheer pins (as applicable to winch)

A variety of round endless strops or webbing slings (ideally 3-5m length), SWL 3000kg and above

A steel snatch pulley block' (minimum SWL 3000kg)

Shackles (minimum SWL 3000kg) – optional

Please Note: Instructors will not undertake training where trainees do not have the appropriate protective equipment and appropriate saw. All chainsaws must be in good condition with all safety features in place and functioning and be a model and size suited to the task.
